A QUITE YELLOW VESTS PROTETS COMPARED TO LAST WEEK END DEMONSTRATION OF EXTREME VIOLENCE
The demonstrations planned under act 19 of the yellow vests this Saturday, March 23 had been highly valued as another test for the government, after the violence that had erupted during the previous mobilization, under extreme violences last Saturday. The 19th act pf Yellow Vests Protest was « calm », yet marked by some incidents, in Paris and elsewhere in France. There have been more than two thousands of people arrested since November 17th the First Act of Yellow Vests Protests.----------
In Paris, the demonstrations on the Champs-Elysees and its surroundings were banned, this did not stop people from going to the forbidden perimeter, which led to police verbalization. The official Parisian mobilization, which went from the Denfert-Rochereau square to the Sacré-Coeur, took place in calm. Tensions erupted during the dispersal of the procession, which led the police to use tear gas. Place de la République, a policeman has a cardiac arrest. His discomfort is not due to a confrontation with the yellow vests and he was transferred to the hospital in a "very serious" state. In the regions, tensions between protesters and law enforcement have also erupted in many cities such as Lyon, Toulouse, and Lille. In Nice, where dozens of yellow vests gathered in the morning in the

Garibaldi Square despite the prefectural order, 80 people were arrested and a woman was injured.
