* Capturing Green & Sustainable Finance Opportunities in Asia through Hong Kong

Climate Change is one of the Biggest Challenges facing Humanity, with its impacts being felt across the World. China plans to hit "Carbon Emission Peak" by 2030 and achieve "Carbon Neutrality" by 2060. Over RMB 100 Trillion will need to be directed towards Carbon Reduction, presenting significant Climate Finance Opportunities for Global Investors. Hong Kong is a Major Financial Hub in Asia and has been supporting the Development of Green Finance in Recent Years. French Financial Institutions have been active in promoting Green Finance Initiatives in Hong Kong and the Greater Bay Area...
